

Phoenix

ARMCHAIRS

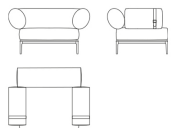

A revisited vintage style for the Phoenix armchair, featuring armrests and backrest with oval section, slightly inclined outwards and upholstered in brown and black Prince of Wales fabric.

The reference to Gianfranco Ferré heritage, present in the use of menswear fabric, is enriched with a warmer and more welcoming charm, while the metal base with black chrome finish expresses the metropolitan mood typical of the brand.

Structure in beech wood, metal base with black chrome finishing. Upholstery in fabric Prince of Wales - brown and black color. Decorative belt in natural saddle leather.
